

INTERNSHIPS

IFMA Announces New Internship Partnerships

The IFMA Educational Foundation is partnering with leading educational institutions to provide you with access to students seeking internships broadly relating to the areas of culinary, food marketing and food science. Since many institutions cycle internships year round, you can always come to the IFMA site and find a school that fits your needs.

Students with varied interests are available, including R&D, operations management, food packaging, product development and testing, distribution, marketing, quality assurance, process development, culinary and more.

Click on the links below to see one-page summaries that will help you find an intern. Watch for more schools to be added in the coming weeks.
